## Hard-Mount Adapter Plate for Thrustmaster T-150 and TMX Wheel Bases Only

Part Code  
**T150HMP**

### Mounting Instructions

1. Push the threaded inserts into the top of the adapter and use the two smaller bolts provided to secure the adapter plate to your rig using the pre-drilled Thrustmaster holes on your wheel deck. If longer bolts are required be sure to use M6 bolts that do not protrude past the top of the plate.

2. Mount the wheel on top of the plate and secure using the large hex bolt provided as shown below. Tighten until snug.

Notice: Ricmotech is not responsible for any damage you may cause to your Thrustmaster wheel during the installation of the hard-mount plate.

### Need Help?

If you run into any problems during the installation of the adapter, please contact us directly at technical support at (305) 417-9241 or via email at [mail@ricmotech.com](mailto:mail@ricmotech.com). Due to constant improvements to our products, the product you receive may vary slightly from the product shown in the illustrations. Copyright 2016, Ricmotech LLC.
